_____ full boxes and _____ eggs left over.

3. A chicken coup produces **427** eggs. The eggs are put into **boxes**. Each **full** box contains **6** eggs. **How many full boxes** are there? **How many eggs** are left over? Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

4. A chicken coup produces **323** eggs. The eggs are put into **boxes**. Each **full** box contains **6** eggs. **How many full boxes** are there? **How many eggs** are left over? Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

5. A chicken coup produces **536** eggs. The eggs are put into **boxes**. Each **full** box contains **6** eggs. **How many full** boxes are there? **How many eggs** are left over? Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

6. A chicken coup produces **625** eggs. The eggs are put into **boxes**. Each **full** box contains **6** eggs. **How many full** boxes are there? **How many eggs** are left over? Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

7. A chicken coup produces **891** eggs. The eggs are put into **boxes**. Each **full** box contains **8** eggs. **How many full** boxes are there? **How many eggs** are left over? Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

8. A chicken coup produces **742** eggs. The eggs are put into **boxes**. Each **full** box contains **9** eggs. **How many full** boxes are there? **How many eggs** are left over? Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

9. A chicken coup produces **915** eggs. The eggs are put into **boxes**. Each **full** box contains **12 eggs**. **How many full boxes** are there? **How many eggs are left over?** Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

10. A chicken coup produces **1547** eggs. The eggs are put into **boxes**. Each **full** box contains **15 eggs**. **How many full boxes** are there? **How many eggs are left over?** Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

11. A chicken coup produces **509** eggs. The eggs are put into **boxes**. Each **full** box contains **24 eggs**. **How many full boxes** are there? **How many eggs are left over?** Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

12. A chicken coup produces **760** eggs. The eggs are put into **boxes**. Each **full** box contains **24 eggs**. **How many full boxes** are there? **How many eggs are left over?** Write your answers in the spaces below.

_____ full boxes and _____ eggs left over.

Answers

1. 50	2
2. 32	2
3. 71	1
4. 53	5
5. 89	2
6. 104	1
7. 111	3
8. 82	4
9. 76	3
10.103	2
11.21	5
12.31	16
