_____

---

2. I think of a **multiple of 5**. Its **digits add to make 11** and it is **between 50 and 100**. What number am I thinking of? Write your answer in the space below.

_____

---

3. I think of a **multiple of 6**. Its **digits add to make 12** and it is **between 70 and 130**. What number am I thinking of? Write your answer in the space below.

_____

---

4. I think of a **multiple of 11**. Its **digits add to make 4** and it is **between 50 and 140**. What number am I thinking of? Write your answer in the space below.

_____

---

5. I think of a **multiple of 2**. Its **digits add to make 12** and it is **between 20 and 60**. What number am I thinking of? Write your answer in the space below.

_____

6. I think of a **multiple of 4**. Its **digits add to make 14** and it is **between 50 and 100**. What number am I thinking of? Write your answer in the space below.

_____

7. I think of a **multiple of 13**. Its **digits add to make 7** and it is **between 10 and 100**. What number am I thinking of? Write your answer in the space below.

_____

8. I think of a **multiple of 15**. Its **digits add to make 12** and it is **between 10 and 110**. What number am I thinking of? Write your answer in the space below.

_____

9. I think of a **multiple of 12**. Its **digits add to make 15** and it is **between 150 and 240**. What number am I thinking of? Write your answer in the space below.

_____

---

10. I think of a **multiple of 7**. Its **digits add to make 4** and it is **between 50 and 150**. What number am I thinking of? Write your answer in the space below.

_____

---

11. I think of a **multiple of 14**. Its **digits add to make 15** and it is **between 1 and 200**. What number am I thinking of? Write your answer in the space below.

_____

---

12. I think of a **multiple of 21**. Its **digits add to make 18** and it is **between 1 and 300**. What number am I thinking of? Write your answer in the space below.

_____

<u>Answers</u>
1. **70**
2. **65**
3. **84**
4. **121**
5. **48**
6. **68**
7. **52**
8. **75**
9. **168**
10. **112**
11. **168**
12. **189**
