

Q5 (Arrange Numbers) Day 18 Name: _____

1. Look at the 4 digits below.

1 2 3 4

You can use these digits to make a four digit number, for example 1234. Use the digits above to make a number which is **less than 3000** but **more than 2320**. Write your answer in the space below.

2. Look at the 4 digits below.

7 2 9 6

You can use these digits to make a four digit number, for example 7296. Use the digits above to make a number which is **less than 6950** but **more than 6900**. Write your answer in the space below.

3. Look at the 4 digits below.

8 5 2 3

You can use these digits to make a four digit number, for example 8523. Use the digits above to make a number which is **less than 3300** but **more than 3260**. Write your answer in the space below.

4. Look at the 4 digits below.

7 1 4 2

You can use these digits to make a four digit number, for example 7148. Use the digits above to make a number which is **less than 4500** but **more than 4230**. Write your answer in the space below.

5. Look at the 4 digits below.

9 6 0 3

You can use these digits to make a four digit number, for example 9603. Use the digits above to make a number which is **less than 6200** but **more than 6050**. Write your answer in the space below.

6. Look at the 4 digits below.

5 2 8 7

You can use these digits to make a four digit number, for example 5287. Use the digits above to make a number which is **less than 2800** but **more than 2770**. Write your answer in the space below.

7. Look at the 4 digits below.

6 9 1 4

You can use these digits to make a four digit number, for example 6914. Use the digits above to make a number which is **less than 4500** but **more than 4180**. Write your answer in the space below.

8. Look at the 4 digits below.

1 3 2 8

You can use these digits to make a four digit number, for example 1328. Use the digits above to make a number which is **less than 4000** but **more than 3815**. Write your answer in the space below.

9. Look at the 4 digits below.

4 5 7 0

You can use these digits to make a four digit number, for example 4570. Use the digits above to make a number which is **less than 6000** but **more than 5710**. Write your answer in the space below.

10. Look at the 4 digits below.

2 0 5 9

You can use these digits to make a four digit number, for example 2055. Use the digits above to make a number which is **less than 6000** but **more than 5910**. Write your answer in the space below.

11. Look at the 4 digits below.

4 2 6 7

You can use these digits to make a four digit number, for example 4267. Use the digits above to make a number which is **less than 6300** but **more than 6250**. Write your answer in the space below.

12. Look at the 4 digits below.

2 4 9 1

You can use these digits to make a four digit number, for example 2491. Use the digits above to make a number which is **less than 4800** but **more than 4220**. Write your answer in the space below.

Answers

- 1. 2341**
- 2. 6927**
- 3. 3285**
- 4. 4271**
- 5. 6093**
- 6. 2785**
- 7. 4196**
- 8. 3821**
- 9. 5740**
- 10.5920**
- 11.6274**
- 12.4291**
