For question 5, you have to **write your answers** in the spaces provided in the question.

5

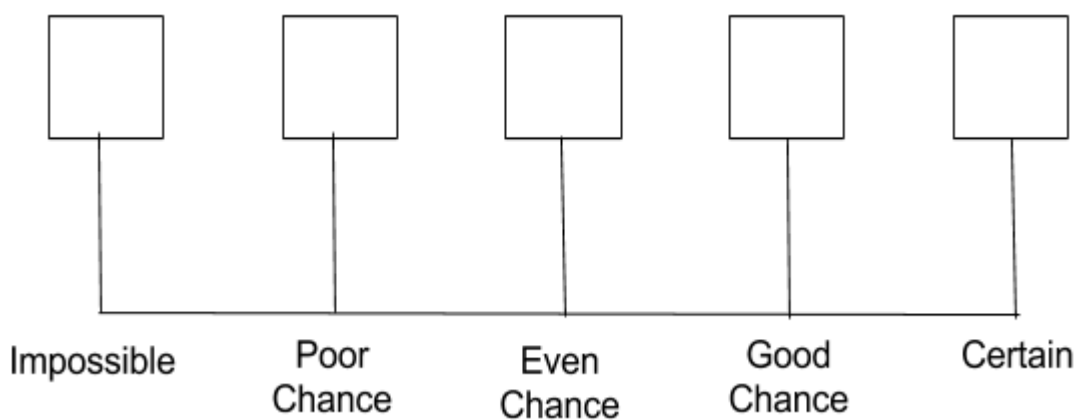

Look at the 6 cards below.

The cards are placed face down and then mixed up. Cameron chooses a card at random and reads the number on it. Look at the following five statements:

- A: The number is an even number.
- B: The number is a negative number.
- C: The number is a square number.
- D: The number is more than 2.
- E: The number is less than 7.

Write the letters A to E in the correct box on the probability line below.

In this exercise there are some **spelling** mistakes. On each numbered line there is either **one** mistake or **no** mistake. Find the group of words with the mistake in it and **mark its letter on your answer sheet**. If there is no mistake, mark **N**.
