

Q4 (Shape angle properties) Day 86 Name: _____

1. Look at the **three statements** below. Tick to show whether each statement is true or false.

True **False**

A **quadrilateral** can contain **three right angles**.

A **quadrilateral** can contain **four right angles**.

A **quadrilateral** can contain **five right angles**.

2. Look at the **three statements** below. Tick to show whether each statement is true or false.

True **False**

A **triangle** can contain **one right angle**.

A **triangle** can contain **two right angles**.

A **triangle** can contain **three right angles**.

3. Look at the **three statements** below. Tick to show whether each statement is true or false.

True **False**

A **quadrilateral** can contain **one obtuse angle**.

A **quadrilateral** can contain **two obtuse angles**.

A **quadrilateral** can contain **three obtuse angles**.

4. Look at the **three statements** below. Tick to show whether each statement is true or false.

True **False**

A **triangle** can contain **one obtuse angle**.

A **triangle** can contain **two obtuse angles**.

A **triangle** can contain **three obtuse angles**.

5. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **quadrilateral** can contain **two acute angles**.

A **quadrilateral** can contain **three acute angles**.

A **quadrilateral** can contain **four acute angles**.

6. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **triangle** can contain **one acute angle**.

A **triangle** can contain **two acute angles**.

A **triangle** can contain **three acute angles**.

7. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **quadrilateral** can contain **one reflex angle**.

A **quadrilateral** can contain **two reflex angles**.

A **quadrilateral** can contain **three reflex angles**.

8. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **triangle** can contain **one reflex angle**.

A **triangle** can contain **two reflex angles**.

A **triangle** can contain **three reflex angles**

9. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **quadrilateral** can contain **one reflex angle**.

A **triangle** can contain **two right angles**.

A **quadrilateral** can contain **three acute angles**.

10. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **triangle** can contain **one obtuse angle**.

A **quadrilateral** can contain **two obtuse angles**.

A **triangle** can contain **one right angle**.

11. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **quadrilateral** can contain **one obtuse angle**.

A **triangle** can contain **two right angles**.

A **quadrilateral** can contain **four acute angles**.

12. Look at the **three statements** below. Tick to show whether each statement is **true** or **false**.

True **False**

A **triangle** can contain **one reflex angle**.

A **quadrilateral** can contain **five acute angles**.

A **triangle** can contain **one right angle**.
