_____ minutes

2. I get out of school at **3:15pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

14:00 14:30 15:00 15:30 16:00

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

3. I get out of school at **3:20pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

14:00 14:30 15:00 15:30 16:00

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

4. I get out of school at **3:03pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

12:00 13:00 14:00 15:00 16:00

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

5. I get out of school at **3:17pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

12:00 13:00 14:00 15:00 16:00

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

6. I get out of school at **3:46pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

13:00 14:00 15:00 16:00 17:00

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

7. I get out of school at **3:23pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

13:00 14:00 15:00 16:00 17:00

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

8. I get out of school at **1:36pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

13:15 14:15 15:15 16:15 17:15

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

9. I get out of school at **2:09pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

13:30 14:30 15:30 16:30 17:30

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

10. I get out of school at **1:57pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

13:15 14:30 15:15 16:30 17:15

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

11. I get out of school at **4:42pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

13:15 14:18 15:21 16:24 17:27

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes

12. I get out of school at **5:18pm**. There is a bus stop just outside my school. A sign at the bus stop tells me that the buses arrive at the bus stop at the time below:

15:23 16:45 17:52 18:29 19:27

What is the **shortest time** I must wait for a bus? Write your answer in the space below.

_____ minutes
