

Q2 (Area of Triangle) Day 104 Name: _____

1. Look at the grid below. Within the grid there is a rectangle.

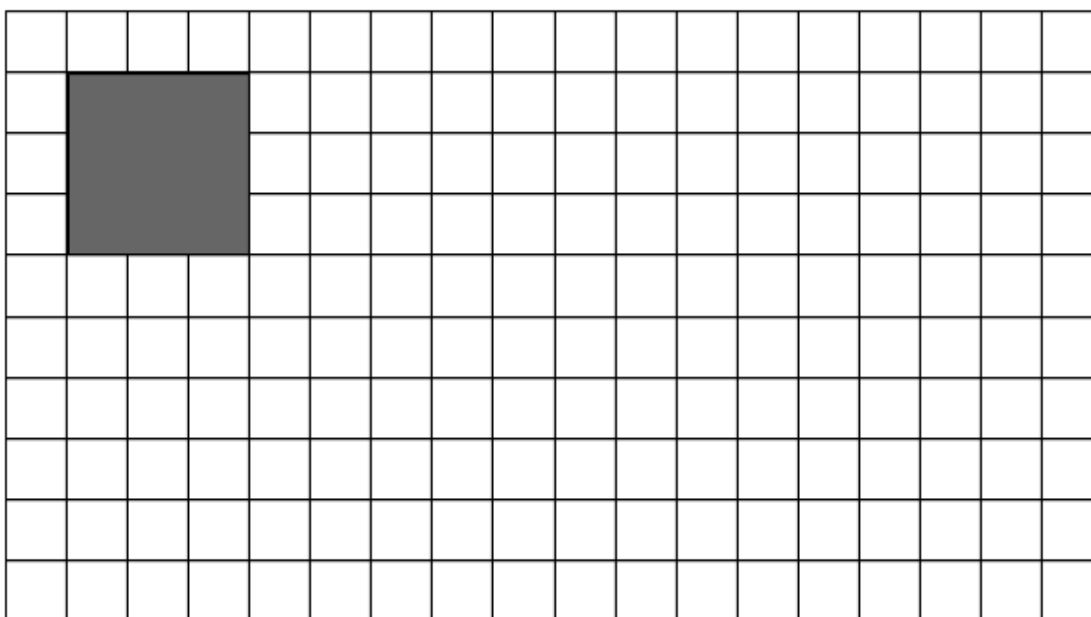

Draw a **triangle** in the grid **with the same area as the rectangle**.

2. Look at the grid below. Within the grid there is a rectangle.

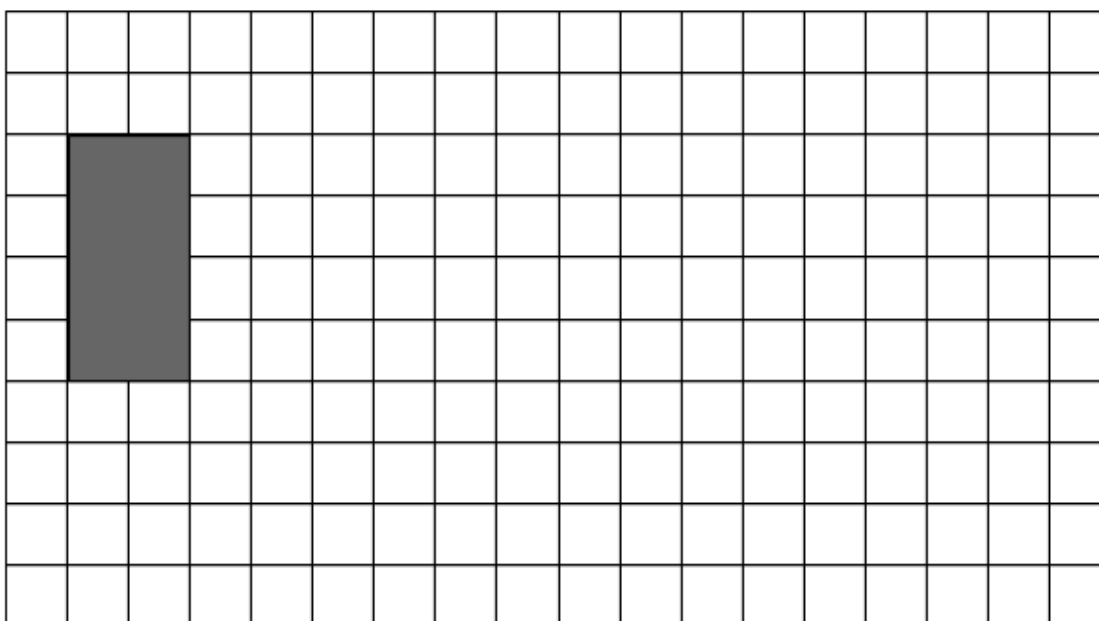

Draw a **triangle** in the grid **with the same area as the rectangle**.

3. Look at the grid below. Within the grid there is a square.

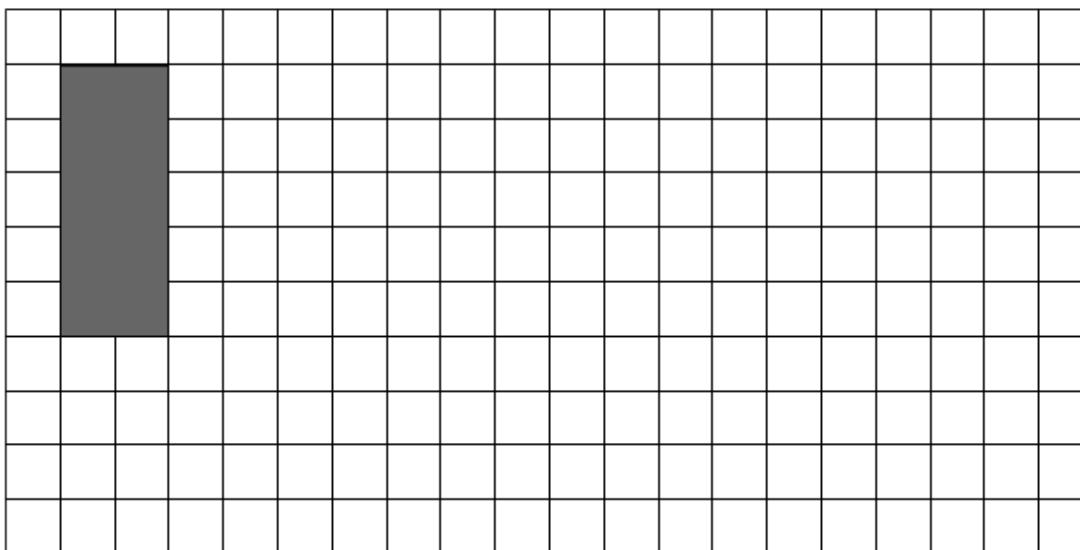

Draw a **triangle** in the grid **with the same area as the square**.

4. Look at the grid below. Within the grid there is a rectangle.

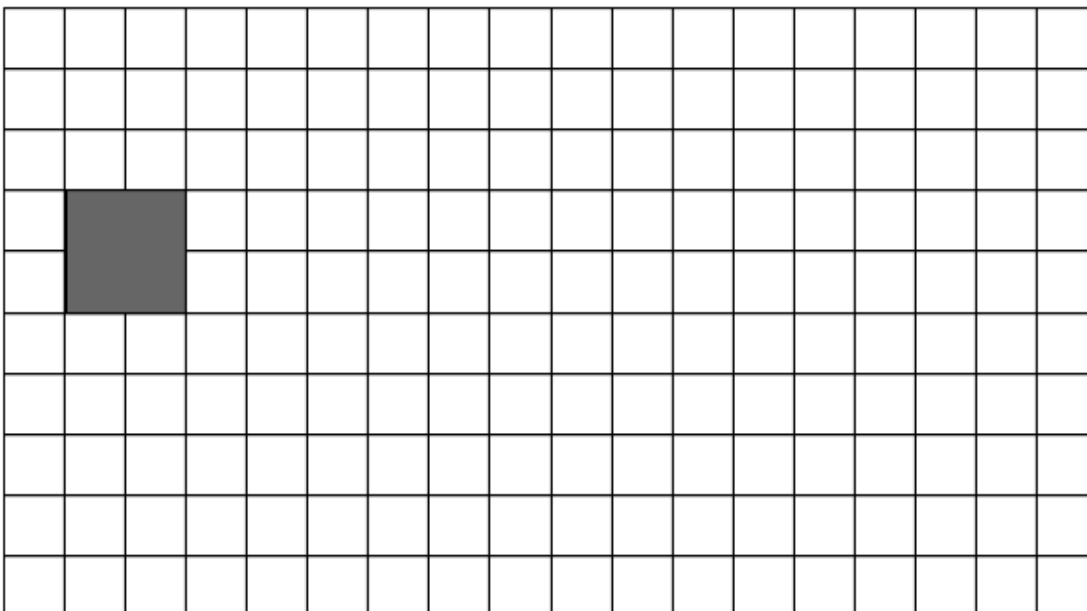

Draw a **triangle** in the grid **with the same area as the rectangle**.

5. Look at the grid below. Within the grid there is a rectangle.

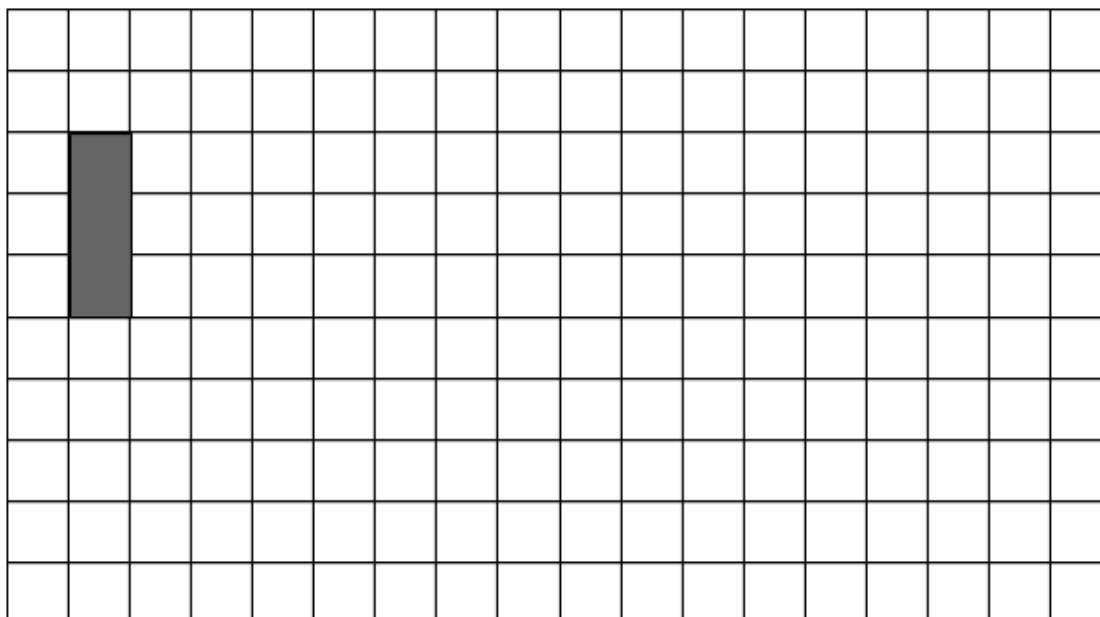

Draw a **triangle** in the grid **with the same area as the rectangle**.

6. Look at the grid below. Within the grid there is a square.

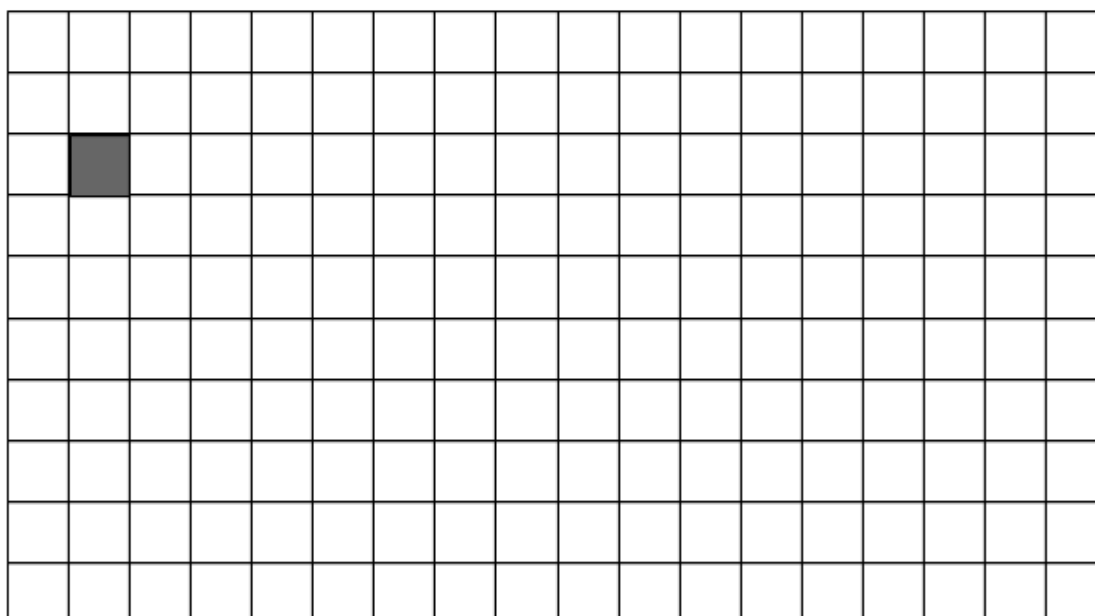

Draw a **triangle** in the grid **with the same area as the square**.

7. Look at the grid below. Within the grid there is a rectangle.

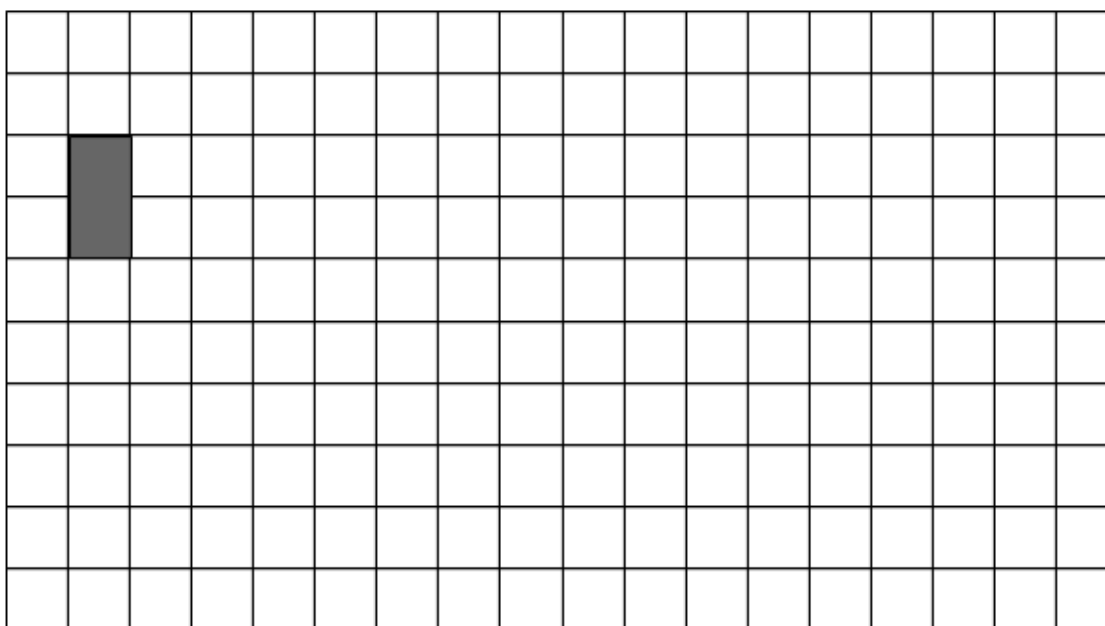

Draw a **triangle** in the grid **with the same area as the rectangle**.

8. Look at the grid below. Within the grid there is a square.

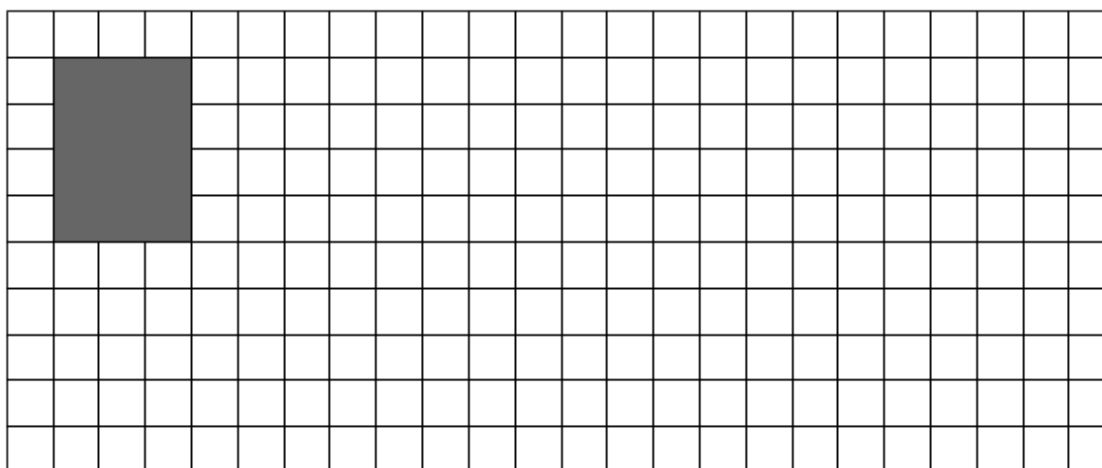

Draw a **triangle** in the grid **with the same area as the square**.

9. Look at the grid below. Within the grid there is a rectangle.

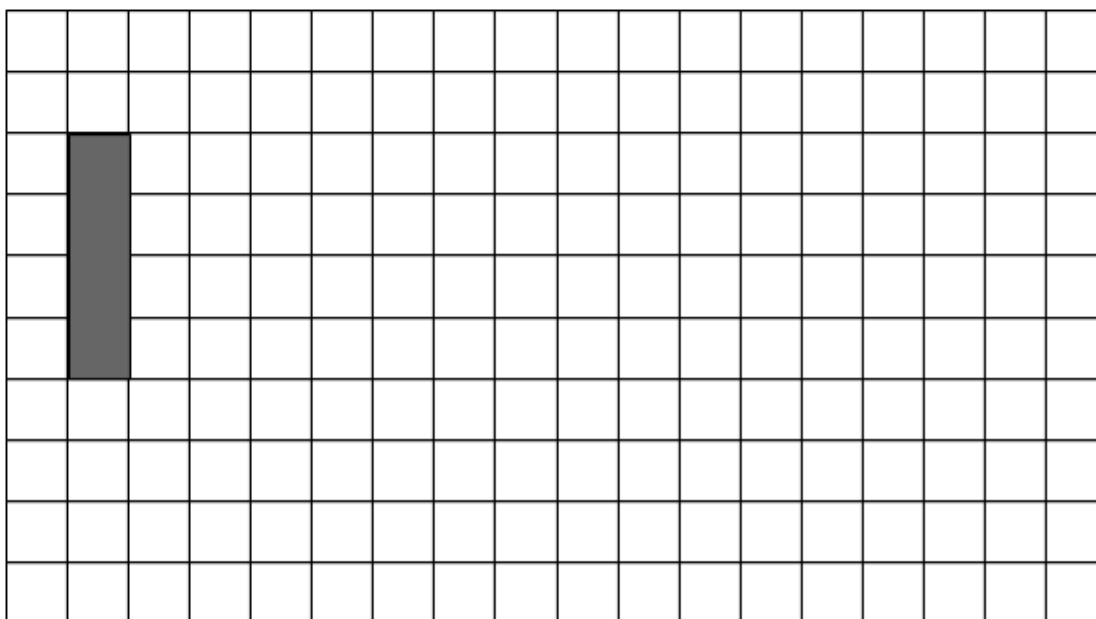

Draw a **triangle** in the grid **with the same area as the rectangle**.

10. Look at the grid below. Within the grid there is a rectangle.

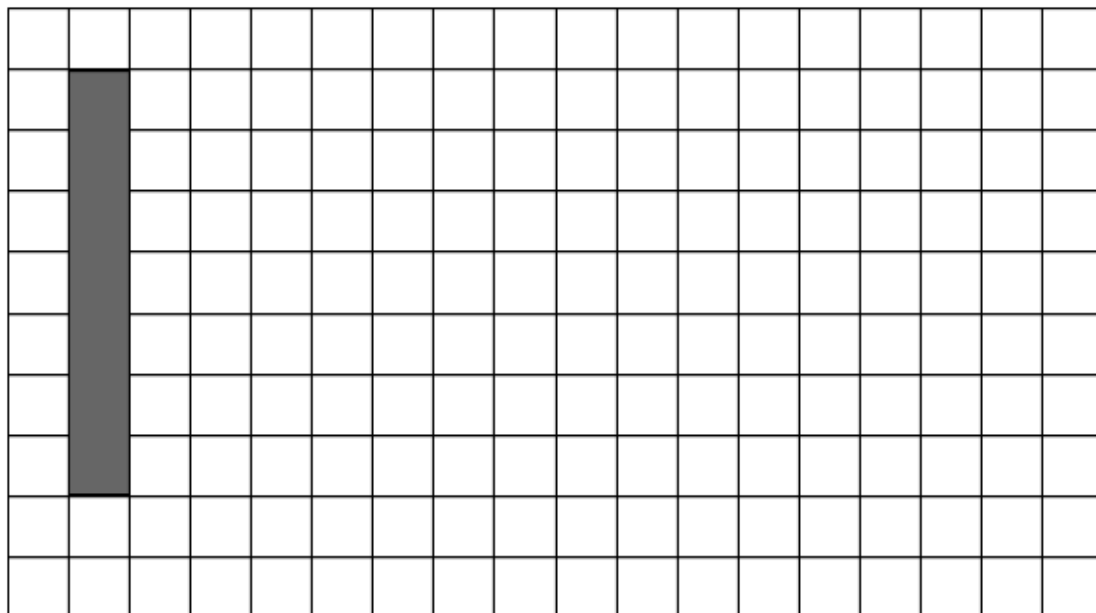

Draw a **triangle** in the grid **with the same area as the rectangle**.

11. Look at the grid below. Within the grid there is a rectangle.

Draw a **triangle** in the grid **with the same area as the rectangle**.

12. Look at the grid below. Within the grid there is a rectangle.

Draw a **triangle** in the grid **with the same area as the rectangle**.

Answers

- 1. Dimensions of 1x12, 2x6, 3x4**
- 2. Dimensions of 1x16, 2x8, 4x4**
- 3. Dimensions of 1x18, 2x9, 3x6**
- 4. Dimensions of 1x16, 2x8, 4x4**
- 5. Dimensions of 1x20, 2x10, 4x5**
- 6. Dimensions of 1x8, 2x4**
- 7. Dimensions of 1x6, 2x3**
- 8. Dimensions of 1x2**
- 9. Dimensions of 1x4, 2x2**
- 10. Dimensions of 1x24, 2x12, 3x8, 4x6**
- 11. Dimensions of 1x8, 2x4**
- 12. Dimensions of 1x14, 2x7**
