

Q2 (Conversion m-km) Day 108 **Name:** _____

1. An athlete is running **100m sprints**. If they run **3km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

2. An athlete is running **100m sprints**. If they run **2.5km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

3. An athlete is running **200m sprints**. If they run **2.4km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

4. An athlete is running **200m sprints**. If they run **5km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

5. An athlete is running **250m sprints**. If they run **3.25km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

6. An athlete is running **250m sprints**. If they run **4.75km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

7. An athlete is running **250m sprints**. If they run **6km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

8. An athlete is running **250m sprints**. If they run **12.5km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

9. An athlete is running **800m sprints**. If they run **4km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

10. An athlete is running **800m sprints**. If they run **9.6km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

11. An athlete is running **300m sprints**. If they run **4.2km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

12. An athlete is running **450m sprints**. If they run **5.4km** in total, how many **sprints** did they **complete**? Write your answer in the space below.

_____sprints

Answers

1. 30
2. 25
3. 12
4. 25
5. 13
6. 19
7. 24
8. 50
9. 5
- 10.12
- 11.14
- 12.12
