

Q3 (Pie Chart-Percent) Day 93 Name: _____

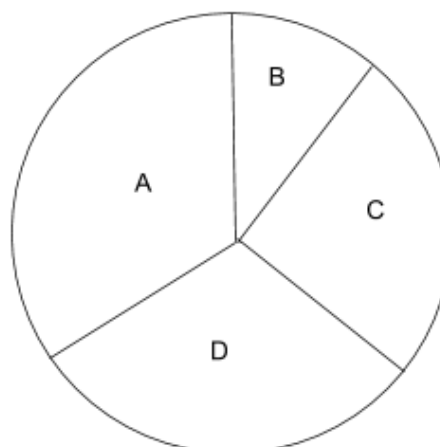

1. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter and other ingredients. For example, **45%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	45%	
Sugar	22%	
Butter	25%	
Other	8%	

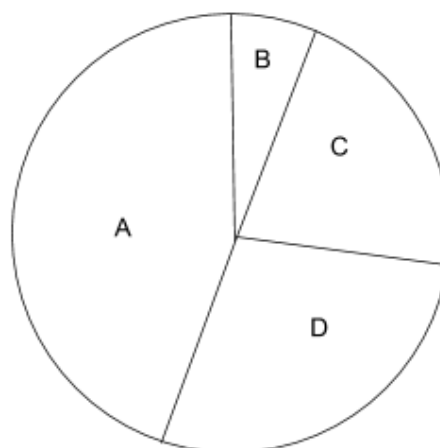

2. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter and other ingredients. For example, **35%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	35%	
Sugar	10%	
Butter	30%	
Other	25%	

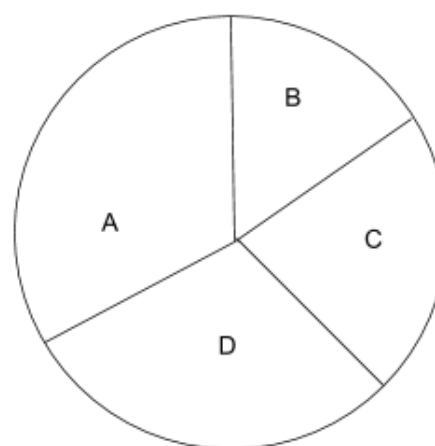

3. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter and other ingredients. For example, **42%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	42%	
Sugar	20%	
Butter	29%	
Other	9%	

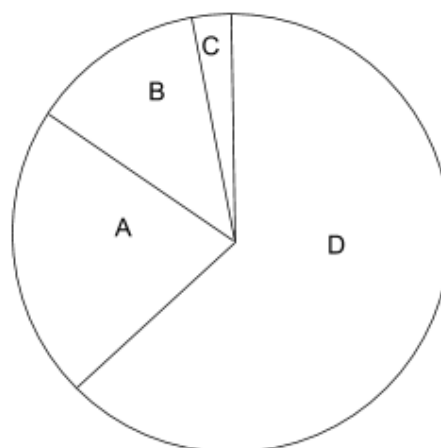

4. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter and other ingredients. For example, **35%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	35%	
Sugar	30%	
Butter	20%	
Other	15%	

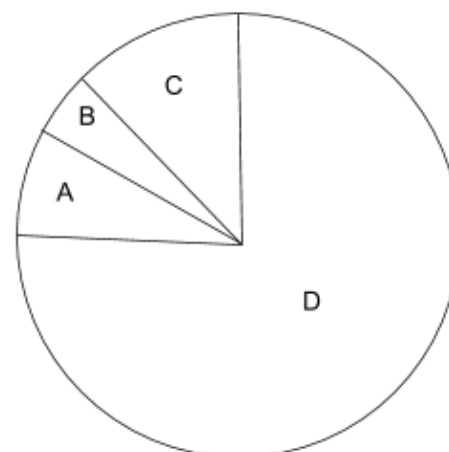

5. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter and other ingredients. For example, **60%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below**. Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	60%	
Sugar	15%	
Butter	21%	
Other	4%	

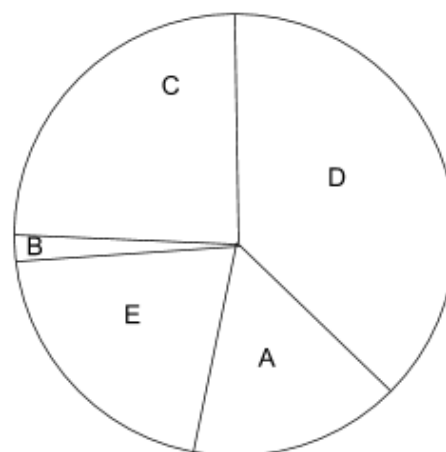

6. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter and other ingredients. For example, **75%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below**. Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	75%	
Sugar	5%	
Butter	8%	
Other	12%	

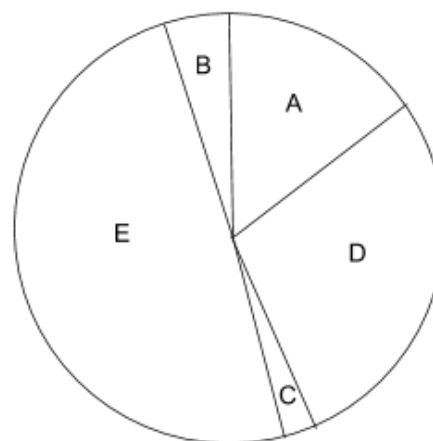

7. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter, icing and other ingredients. For example, **37%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	37%	
Sugar	21%	
Butter	25%	
Icing	8%	
Other	2%	

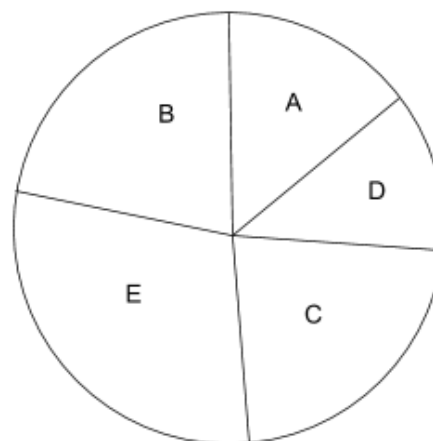

8. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter, icing and other ingredients. For example, **30%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	30%	
Sugar	15%	
Butter	3%	
Icing	46%	
Other	6%	

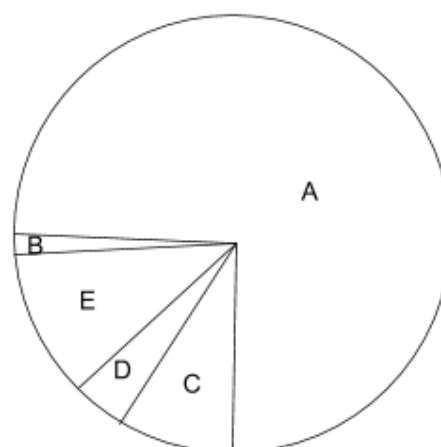

9. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter, icing and other ingredients. For example, **12%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	12%	
Sugar	24%	
Butter	15%	
Icing	22%	
Other	27%	

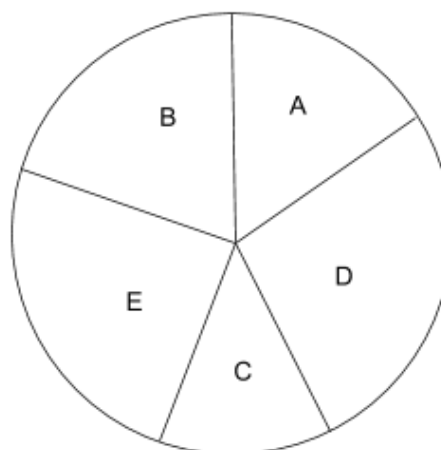

10. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter, icing and other ingredients. For example, **75%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	75%	
Sugar	11%	
Butter	2%	
Icing	8%	
Other	4%	

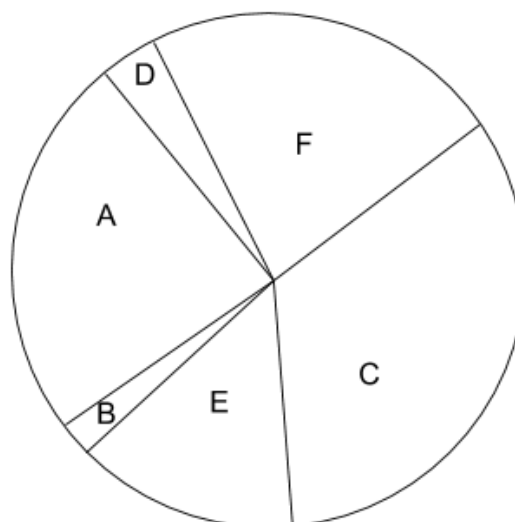

11. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter, icing and other ingredients. For example, **20%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	20%	
Sugar	25%	
Butter	15%	
Icing	28%	
Other	12%	

12. A sponge cake is made up of different ingredients. The table below shows the percentage of the sponge cake that is flour, sugar, butter, icing and other ingredients. For example, **19%** of the sponge cake is made up of **flour**. **The table has some blank spaces.** To complete the table, **look at the pie chart below.** Use the pie chart to write the **correct letter** in each space.

Substance	Percentage of sponge cake	Section of Pie Chart
Flour	19%	
Sugar	14%	
Butter	24%	
Icing	29%	
Sprinkles	9%	
Other	5%
