

Q4 (Coordinates) Day 106

Name: _____

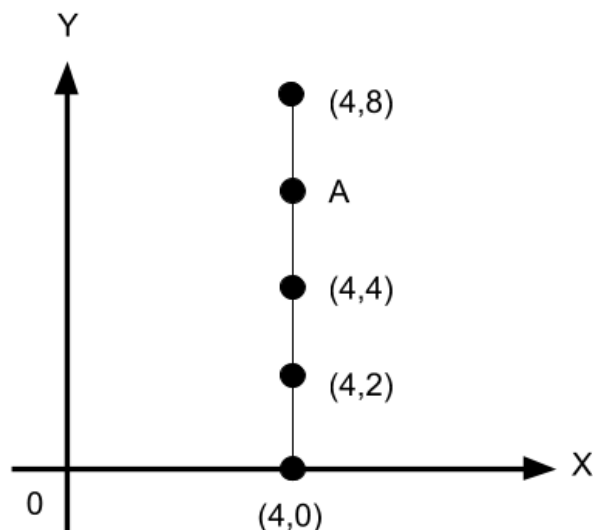

1. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **ordinates** of point A? Write your answers in the space below.

(_____ , _____)

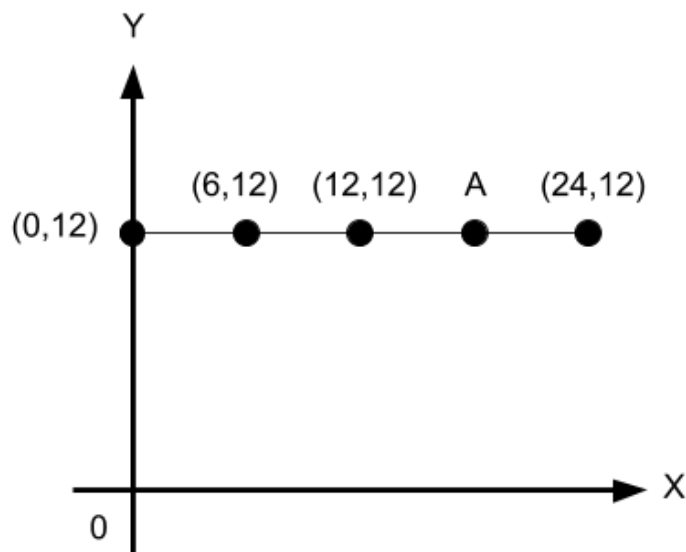

2. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **ordinates** of point A? Write your answers in the space below.

(_____ , _____)

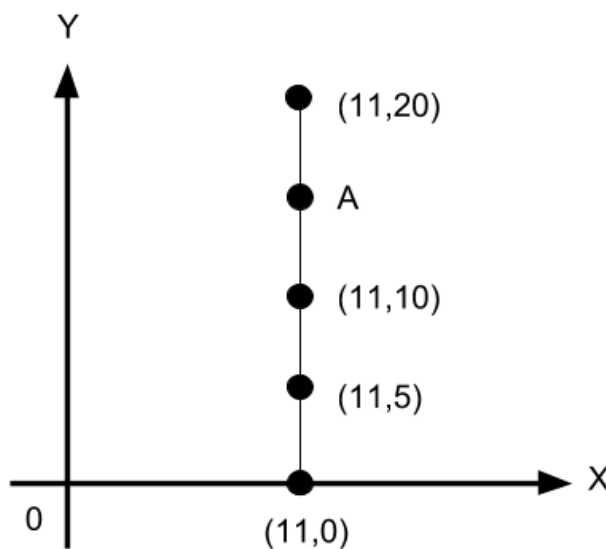

3. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

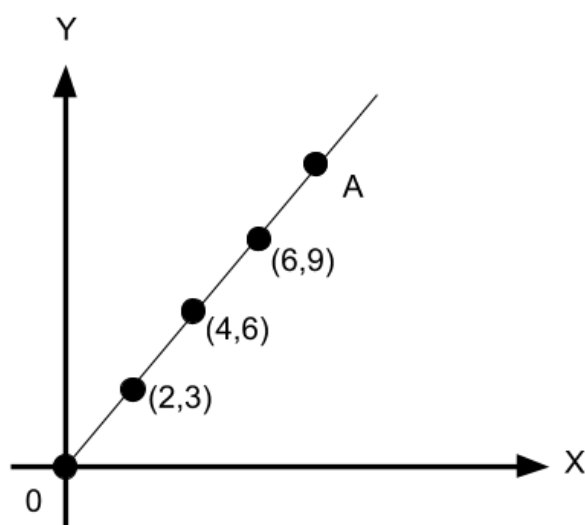

4. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

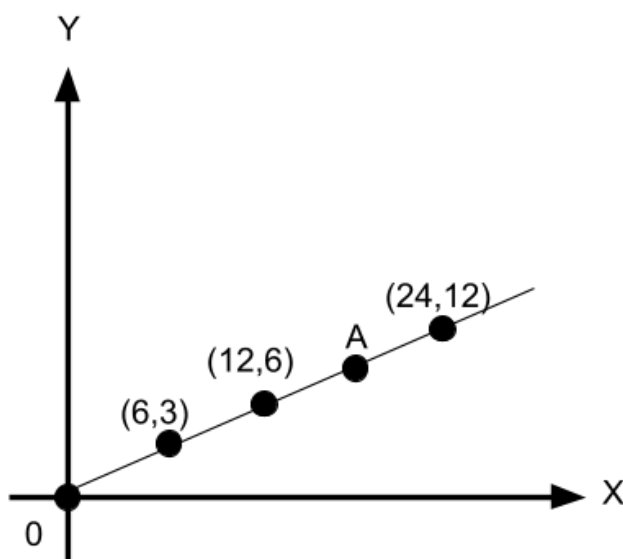

5. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

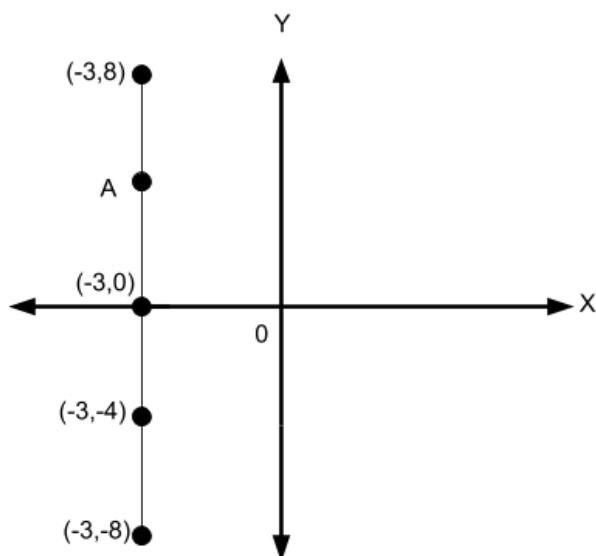

6. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

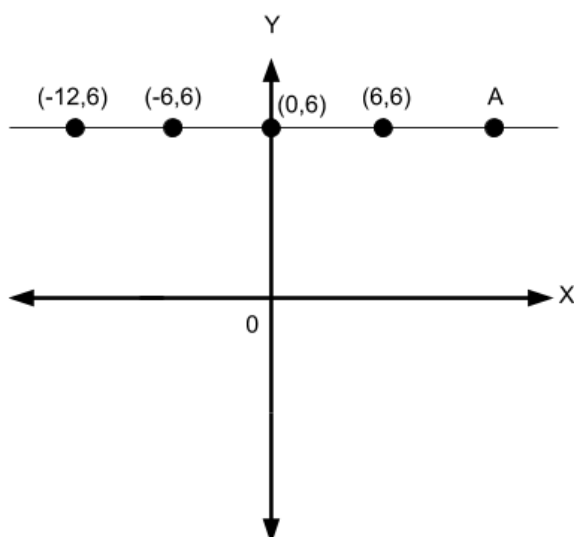

7. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

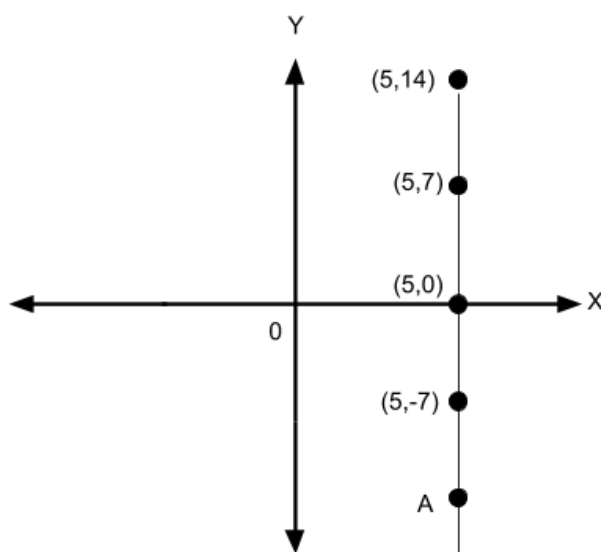

8. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

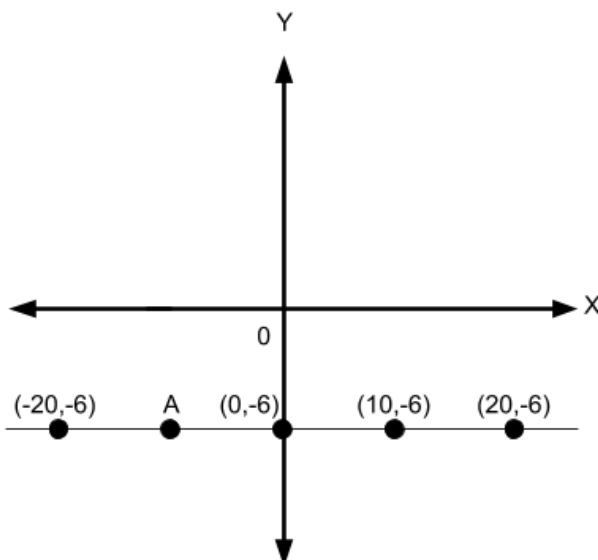

9. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

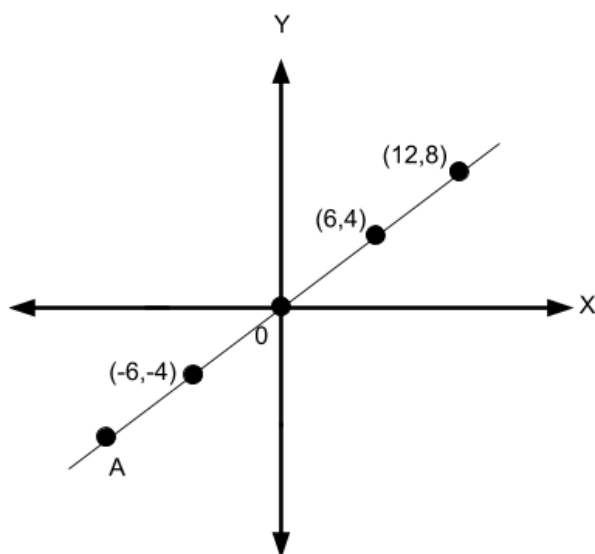

10. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

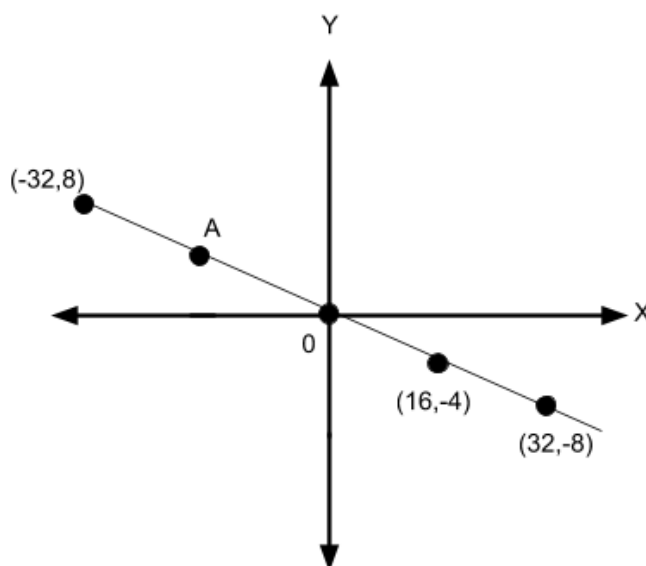

11. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

12. Look at the coordinates below. All the **points** on the line are **equally spaced**.

What are the **coordinates of point A**? Write your answers in the space below.

(_____ , _____)

Answers

1. (3,5)
2. (4,6)
3. (18,12)
4. (11,15)
5. (8,12)
6. (18,9)
7. (-3,4)
8. (12,6)
9. (5,-14)
10. (-10,-6)
11. (-12,-8)
12. (-16,4)
