

Q3 (Order Numbers) Day 120 **Name:** _____

1. A list of 6 numbers is written in ascending order. There are 3 numbers missing from the list.

_____ 0.74 _____ 0.95 _____ 1.92

Look at the **3** numbers **below**.

0.97 0.34 0.901

Use **all** the numbers **above** to **complete the list**. Write the **3 correct numbers in the spaces** in the list.

2. A list of 6 numbers is written in descending order. There are 3 numbers missing from the list.

1.4 _____ 0.8 _____ 0.67 _____

Look at the **3** numbers **below**.

0.711 0.43 1.23

Use **all** the numbers **above** to **complete the list**. Write the **3 correct numbers in the spaces** in the list.

3. A list of 6 numbers is written in ascending order. There are 3 numbers missing from the list.

_____ 0.09 _____ 0.6 _____ 1.01

Look at the **3** numbers **below**.

0.04 0.9 0.1

Use **all** the numbers **above** to **complete the list**. Write the **3 correct numbers in the spaces** in the list.

4. A list of 6 numbers is written in **descending** order. There are 4 numbers **missing** from the list.

9.01 _____ _____ _____ 0.9 _____

Look at the 4 numbers **below**.

0.980 0.99 0.09 9.0

Use **all** the numbers **above** to **complete the list**. Write the 4 **correct** numbers in the spaces in the list.

5. A list of 6 numbers is written in **ascending** order. There are 4 numbers **missing** from the list.

_____ 0.111 _____ _____ _____ 0.5

Look at the 4 numbers **below**.

0.123 0.24 0.03 0.41

Use **all** the numbers **above** to **complete the list**. Write the 4 **correct** numbers in the spaces in the list.

6. A list of 6 numbers is written in **descending** order. There are 4 numbers **missing** from the list.

1 _____ _____ _____ 0.079 _____

Look at the 4 numbers **below**.

0.86 0.092 0.902 0.09

Use **all** the numbers **above** to **complete the list**. Write the 4 **correct** numbers in the spaces in the list.

7. A list of 6 numbers is written in **ascending** order. There are 5 numbers **missing** from the list.

_____ 0.24 _____

Look at the 5 numbers **below**.

0.92 0.321 0.647 0.129 0.4

Use **all** the numbers **above** to **complete the list**. Write the 5 **correct** numbers in the spaces in the list.

8. A list of 6 numbers is written in **descending** order. There are 5 numbers **missing** from the list.

_____ 0.33 _____

Look at the 5 numbers **below**.

0.68 0.5193 0.324 0.6 0.71

Use **all** the numbers **above** to **complete the list**. Write the 5 **correct** numbers in the spaces in the list.

9. A list of 6 numbers is written in **ascending** order. There are 5 numbers **missing** from the list.

_____ 0.121 _____

Look at the 5 numbers **below**.

1.1 0.3215 0.123 0.111 1.01

Use **all** the numbers **above** to **complete the list**. Write the 5 **correct** numbers in the spaces in the list.

10. A list of 6 numbers is written in descending order. All the numbers are missing from the list.

Look at the **6** numbers **below**.

8.299 9 7.6 0.769 6.078 9.001

Use **all** the numbers **above** to **complete the list**. Write the **6 correct numbers in the spaces** in the list.

11. A list of 6 numbers is written in ascending order. All the numbers are missing from the list.

Look at the **6** numbers **below**.

0.5732 0.68 0.0723 0.3287 1.11 0.912

Use **all** the numbers **above** to **complete the list**. Write the **6 correct numbers in the spaces** in the list.

12. A list of 6 numbers is written in descending order. All the numbers are missing from the list.

Look at the **6** numbers **below**.

10.111 10.109 10.119 10.919 10.199 10.991

Use **all** the numbers **above** to **complete the list**. Write the **6 correct numbers in the spaces** in the list.

Answers

- 1. 0.34, 0.74, 0.901, 0.95, 0.97, 1.92**
- 2. 1.4, 1.23, 0.8, 0.711, 0.67, 0.43**
- 3. 0.04, 0.09, 0.1, 0.6, 0.9, 1.01**
- 4. 9.01, 9.0, 0.99, 0.980, 0.9, 0.09**
- 5. 0.03, 0.111, 0.123, 0.24, 0.41, 0.5**
- 6. 1, 0.902, 0.86, 0.092, 0.079, 0.09**
- 7. 0.129, 0.24, 0.321, 0.4, 0.647, 0.92**
- 8. 0.71, 0.68, 0.6, 0.5193, 0.33, 0.324**
- 9. 0.111, 0.121, 0.123, 0.3215, 1.01, 1.1**
- 10. 9.001, 9, 8.299, 7.6, 6.078, 0.769**
- 11. 0.0723, 0.3287, 0.5732, 0.68, 0.912, 1.11**
- 12. 10.991, 10.919, 10.199, 10.119, 10.111, 10.109**
