

Q2 (Pattern Continued) Day 131 Name: _____

1. Look at the number pattern below.

1 2 4 8

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers**? Write your answer in the space below.

_____ numbers

2. Look at the number pattern below.

3 5 9 15

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers below 50**? Write your answer in the space below.

_____ numbers

3. Look at the number pattern below.

3 18 33 48

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers**? Write your answer in the space below.

_____ numbers

4. Look at the number pattern below.

7 16 25 34

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers**? Write your answer in the space below.

_____ numbers

5. Look at the number pattern below.

1 4 16 64

If the pattern continued, **how many** numbers in this pattern are **three-digit numbers**? Write your answer in the space below.

_____ numbers

6. Look at the number pattern below.

4 5 7 10 14

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers below 80**? Write your answer in the space below.

_____ numbers

7. Look at the number pattern below.

1 5 25 125

If the pattern continued, **how many** numbers in this pattern are **three-digit numbers**? Write your answer in the space below.

_____ numbers

8. Look at the number pattern below.

0.25 0.5 1 2

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers**? Write your answer in the space below.

_____ numbers

9. Look at the number pattern below.

1 1 2 3 5

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers below 50**? Write your answer in the space below.

_____ numbers

10. Look at the number pattern below.

2 6 18 54

If the pattern continued, **how many** numbers in this pattern are **three-digit numbers**? Write your answer in the space below.

_____ numbers

11. Look at the number pattern below.

10 25 55 100 160

If the pattern continued, **how many** numbers in this pattern are **three-digit numbers below 600**? Write your answer in the space below.

_____ numbers

12. Look at the number pattern below.

2 5 10 17

If the pattern continued, **how many** numbers in this pattern are **two-digit numbers**? Write your answer in the space below.

_____ numbers

Answers

1. 3
2. 4
3. 6
4. 10
5. 1
6. 9
7. 2
8. 3
9. 4
- 10.2
- 11.6
- 12.7
